Danville Athletic Philosophy

Participation in Danville Athletics is a privilege that is regulated for many reasons, one of the most important being the protection of health and safety of the athletes.

Athletes are individuals who have additional responsibilities for themselves, their team and their school.

The primary objective of any athletic program is to make mature men and women of all athletes who participate. Some of the qualities that we are trying to develop are:

Teamwork

Dedication

Discipline

Respect

Sportsmanship

Pride

The following rules and regulations apply to each athlete. In addition, the coach may enforce additional rules that are applicable to his/her particular sport.

Our goal for each student athlete at Danville High School is to have a rewarding experience, learn, grow, and have fun.

Requirements for Participation

The OHSAA and Danville Local Schools require student athletes to complete certain forms before participation. Athletes must complete a valid Sports Physical, Student Emergency Medical Form, Concussion Information Sheet, and Sudden Cardiac Arrest Video. The participation fee for the 2018-19 school year is \$50 for each sport, and the fee must be paid before the first interscholastic contest. There is a cap of \$300 per family per school year. Athletes and Parents are required to attend the preseason parent meeting. If the meeting cannot be attended, please contact the athletic director to get all material that is missed.

Academic Eligibility Requirement

High School students are required to be passing a minimum of 5 one-credit classes each week. If a student is not meeting this requirement they are required to attend study tables at 7AM before school for that week they are ineligible. Student athletes will be given a 3-week grace period at the beginning of each nine weeks before eligibility becomes live. Grades will be calculated on Monday of each week. There is no appeal of these rules.

Each junior high student is required to be passing 5 total classes each week to be eligible. If a student athlete is not meeting this requirement, they will have a study table during lunch of that week with the building principal.

If students are not passing a minimum of 5 one-credit classes at the end of a quarter, they are considered ineligible for the following quarter.

Drug and Alcohol Policy

The following rules apply to ALL students participating with a Danville Local Schools interscholastic athletic team in any way. Violation of any of these rules may result in removal from the athletic team. Individual coaches may establish additional rules that pertain to their specific sport. Violations are cumulative throughout the student's secondary career grades 7-12.

1. Athletes shall not possess, sell, or use alcoholic beverages, tobacco products, E-cigarettes, vapes, or illegal drugs (Illegal drugs include any controlled substance not specifically prescribed for a particular athlete).
2. Baseline and random drug testing is done at the discretion of the Athletic Administration, and all student-athletes are subject to random drug testing.
 - a. An altered test will be treated the same as a positive test.
 - b. If a student cannot attend the scheduled drug test, they will be required to notify the Athletic Director to schedule another date to test.
3. A student who uses anabolic steroids or other performance-enhancing drug is ineligible for interscholastic competition until such time as medical evidence can be presented that the student's system is free of anabolic steroids or other enhancing drugs.

The following are consequences for violating the drug and alcohol policy:

1st Violation: Student Athletes will be suspended a minimum of 20% of the season. If there is not 20% of the season remaining, the suspension will carry over into the next season in which the student-athlete participates. The athlete may participate in practice. The athlete may not dress in team uniform.

2nd Violation: Student Athletes will be suspended a minimum of 50% of the current season in which they participate. If there is not 50% left in the season, the remaining percentage will carry over to the next season in which the student athlete participates.

4th Violation: Student Athletes will no longer be allowed to participate in athletics at Danville Local Schools.

Reasonable Suspicion: A student who sells, distributes, possess, uses, purchases, or manufactures illegal drugs, alcohol or tobacco is subject to denial in participation in interscholastic activities. Disciplinary action based on reasonable suspicion will be the responsibility of the principal or athletic director.
